

ERHARDT Q

MODERN BAUHAUS DESIGN INCORPORATING THE
BEST IN TECHNICAL ADVANCES AND INTEGRATED LED LIGHTING

 ERHARDT
MARKISEN

Mehr. Freude. Leben. Zuhause.

Recommended equipment for the ERHARDT Q:

- We recommend the **integrated LED lighting**. The uniform light is ideal for illuminating large or small areas and can be operated with wireless convenience. LED lighting is particularly energy efficient and long lasting.
- We recommend a configuration with a **remote control** for the most convenient operation. More safety is provided by the **oscillation sensor**, which closes the awning automatically in strong winds.

ERHARDT Q WITH EVERYTHING THAT TECHNOLOGY MAKES POSSIBLE

ERHARDT Q – See and experience the luxury

- The fabric and the mechanism are perfectly protected within the closed housing of the cassette awning. This ensures ideal protection from the elements.
- The housing employs the modern Bauhaus design which lends itself to perfect integration in any construction style.
- The ERHARDT Q has been conceived using the latest in engineering practice and is constructed of high-quality materials. It is characterised by exceptional stability and torsional stiffness.
- The ERHARDT Q is particularly robust and long lived, making it suitable for larger areas as well.
- The ERHARDT Q is available as standard with a motor and a remote-control motor is an option.
- Integrated LED lighting is available optionally. The light has a uniform and very pleasant quality.
- The ERHARDT Q is also available as a double awning for optimal privacy and sun protection. The double awning can be operated conveniently in the same way as the main awning via the wireless hand transmitter included as standard.
- A large selection of additional equipment: Ask your ERHARDT dealer to get valuable tips.

Special features	<ul style="list-style-type: none"> • Modern linear design • Motorized as standard • Exceptionally stable (large areas are possible) • Available as a double awning • Integrated LED lighting available as an option • High-quality tilting arm bearing

Optional additional features of the ERHARDT Q

- Remote control motor with control unit (tip!)
- Automatic wind and sun sensors
- Wireless oscillation sensor (tip!)
- Integrated LED lighting
- Infrared heater (including wireless level control)
- Awning fabric with welding adhesive technology
- As a double awning, remote control motor is standard (tip!)

Tip! Integrated LED lighting

The ERHARDT Q is available with integrated LED lighting as an option. No annoying spots of light from the individual LEDs are visible, but rather, a pleasant, uniform light. The LED light can be used either when the awning is open or closed and offers convenient wireless control. Use this feature to create a perfect ambiance even on large terraces.

ERHARDT Markisentücher SUNSILK/SUNVAS

The SUNSILK collection offers many advantages:

- Exceptionally vibrant and brilliant colours
- Non-fading and weather-resistant
- Easy care surfaces
- The highest UV protection (absorbs up to 97% of hazardous UV radiation)
- Exclusive SUNVAS CASA collection: only available in ERHARDT awnings – pleasantly soft colour brilliance
